

CENTRAL NEVADA IS A MINERAL EMPIRE

Frank L. Reber, veteran mining man and mining camp newspaper writer, who is making a brief stay in Tonopah, has just completed an extended swing about the state. He gives the Bonanza the following data regarding the districts he has recently visited:

Rochester has five mines practically developed. Five veins have been cut. There is in sight an immense tonnage of ore running from \$9 to \$150. Rochester Merger has been under development for over a year. During the past eight months an average of 27 men have been steadily at work. The company contemplates erecting a reduction plant. Late developments in the Packard show it to be one of the strong properties of the district. The mill daily reduces ore running from \$9 to \$14. The ore that is put through the mill all comes from development work, leaving large bodies exposed.

which will require years to extract and reduce. The Buck and Charley, the Lincoln Hill Gold Mining and Milling company and the Octopus are extracting and reducing ore at a profit.

At Buckskin mountain, Chicago and Nevada capitalists are operating on the Senator Bell property and have uncovered a large, rich body of ore. This showing caused the operators to freight a mill for eight miles over steep mountain roads. It is now completed and is reducing ore. The Buckskin developments foreshadow as rich a producer as the National, a property a few miles to the north.

Humboldt county is likewise making strong claims as a leader in copper. The showings at Fifty-Six, Majuba and the Black Rock and Desert sections are of substantial bodies of copper ore, which in time will require large reduction plants. Hundreds of men are employed.

DON'T BUY ANCIENT BREAD SHIPPED IN

I would not buy strange, dry, squeezed bread, when I can buy bread of superior quality in every respect. The Progress and Vienna Bakery bread is rich in flavor and is made of the choicest eastern flour, and is heavier and goes further than any imported bread.

We are always ready for any order for pastry of any kind equal to that made in any city.

We can serve a large banquet as easy as a small banquet.
